

Meet our speakers:

Associate Professor Ram Nataraja

MBBS BSc(Hons) GCCS(Hons) GDipSurgEd FRCSEd (Paed.Surg)

FFSTEd FRACS (Paeds)

Ram is a consultant paediatric and neonatal surgeon with expertise in the clinical, academic and educational realms. He is an expert in surgical simulation and novel technologies for surgical care delivery. He also holds an Associate Professor appointment in the Department of Paediatrics at Monash University. He is the project lead for Monash Children's Hospital International (MCHI) Myanmar and works with the W.H.O. for educational reform in Low- and Middle-income countries. He is an experienced award-winning educator that has developed national and international education programs endorsed by the national training bodies for surgery and general practitioners. He has recently been awarded the prestigious Monash University's Vice-Chancellor's Award for Innovations in Learning and Teaching in 2020.
